Découvrez nos coloris très tendances...

Vous pouvez jongler avec les couleurs comme bon vous semble et créer des ambiances personnalisées...

Utilisation uniquement de peintures à l'eau. 27 couleurs disponibles pour toutes nos collections + 6 vernis pour les parties en bois massif

Norme européenne : EN 71/3.

Finitions artisanales et non industrielles. Le zéro défaut n'existe pas sur le Bois (Nœuds, creux et micro fissures apparents; même par la suite). Le Tilleul lasuré n'est pas uniforme (nuages) et les flammes brunes sont apparentes. Nos échantillons vous donnent un aperçu. Le rendu final n'est jamais 100% identique par rapport à une grande surface d'un meuble entier. D'une application à l'autre, certaines variations peuvent être constatées.

Finitions bicolores standardisées (+ 5 %); Nous consulter.

Juggle the colors any way you like and create a personalised ambiance...

Only water based painting. 27 colors available for all our ranges + 6 stained varnishes for the solid wood parts.

Notoriezd with European standard: EN 71/3.

Handwork production and not industrial. Knots, small cracks,... will be visible or may reappear over time. Limewood with Stains is not uniform (Cloudy and brownish blotches are visible). Our samples give you an overview. The color rendering will never be 100% identical to that of a large area as an entire furniture. One application to another, some variations can be observed.

Two-Tone finishes standardised (+ 5 %); Please enquire.

U kunt naar believen jongleren met kleuren en een individuele sfeer creëren...

Gebruik alleen waterverven. 27 kleuren beschikbaar voor al onze collecties + 6 vernissen voor massief houten delen

Europese norm: EN 71/3.

Onze afwerkingen zijn ambachtelijke en niet-industriële. Op hout, Zero defect bestaat niet (Knopen, nerven en de lijnen van de den blijven zichtbaar of worden vervolgens terug zichtbaar). De standaard kleuren op de linde zijn niet eenvormig en bedekken de bruinachtige vlammen niet. Onze voorbeelden geven u een overzicht. De kleurweergave zal nooit 100% identiek zijn aan die van een groot oppervlak, bv een geheel meubel. Van de ene applicatie naar de andere, sommige variaties zijn te zien.

Tweekleurige afwerking gestandaardiseerd (+ 5 %); Raadpleeg ons.
